

BBQ Grill Rules & Regulations

1. Grill must be kept in the back of the apartment and on patio or close to apartment at all times.
2. If the grill is propane gas, it must be shut off after each use. If charcoal, burned coals must be put in a metal container when cool enough to transfer from the grill after each usage. At no time will coals be allowed to be dumped in the grass.
3. Safety must be considered at all times and consideration of the neighbors at all times. If they have windows opened, please let them know in plenty of time so they can close the windows so smoke does not blow into their apartment.
4. If these rules are not followed you will lose your privilege to have a grill and the David City Housing Authority has the right to have it removed from the premise.
